

# Sustainability Release Plan, Sustainability, Team Sustainers, r1, 3/17/15, Revision 1, 1/19/15

**Heading:** Document name ("Release Plan"), product name, team name, release name, release date, revision number & revision date.

## High Level Goals:

- Create a functional webpage/app interface
- Connect backend data to stream live data to the interface

## User Stories for Release:

- ☐ Sprint 1
  - ☐ As a team, we want to create a high level design so that can begin development and analysis
  - ☐ As individuals, learn the relevant technologies so that we can develop our project
  - ☐ As a team, communicate with the sponsor so that we have a better understanding of what the customer wants
- ☐ Sprint 2
  - ☐ As a user, I want a functional GUI/Interface so that I can see how to conserve energy
  - ☐ As a back end developer, I want sufficient data and analysis so that I can develop a data structure for the front end
  - ☐ As a front end developer, I want the backend data to be complete so that I can present the data using my interface
- ☐ Sprint 3
  - ☐ As a user, I want the user to be aesthetically pleasing so that all may be enticed by it
  - ☐ As a team, we want to test our product to ensure that the customer is happy

## Product Backlog:

- Create high level design plan for the first release
- Start development/coding for the second sprint
- Product testing for the third sprint
